PROFILE SUMMARY

I am a B.Tech CSE student with strong expertise in the MERN stack, Java, experienced in building secure and scalable full-stack applications. I have hands-on knowledge of Docker, Jenkins, and Git for deployment and automation. My projects demonstrate expertise in authentication, responsive design, and solving real-world problems.

CAREER OBJECTIVES

Seeking a Software Engineer role focused on MERN stack development, Java, where I can leverage my full-stack expertise to build scalable applications and contribute to impactful products while continuously growing my technical skill set.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science and Engineering
Gandhi Institute of Engineering and Technology, Gunupur
CGPA : 8.12

TECHNICAL SKILLS

- Frontend: React.js, Tailwind CSS, JavaScript (ES6+)
- Backend: Node.js, Express.js
- Database: MongoDB, MySQL
- Tools & Deployment: Git, GitHub, Docker, Jenkins, Linux
- Programming Languages: Java, JavaScript

PROJECT EXPERIENCE

Developed and contributed to multiple full-stack web applications, utilizing the MERN stack, ensuring secure user authentication, and integrating responsive design for optimal user experiences.

Projects:

- 1. Chat Application** | [GitHub](#) | [Live](#)
 - Built a real-time messaging app with group and direct chat using MERN stack.
 - Implemented JWT-based authentication and bcrypt password hashing for secure access.
 - Integrated Socket.IO for instant communication across multiple clients.
 - Designed a responsive UI for seamless use on mobile and desktop.
- 2. E-Learning Platform** | [GitHub](#) | [Live](#)
 - Developed a platform for semester- and subject-wise video lectures.
 - Built a clean, distraction-free, and responsive UI using React + Tailwind CSS.
 - Optimized backend using Node.js + MongoDB for smooth content delivery.
 - Ensured scalability and user engagement by organizing structured access to resources.
- 3. University Notes Sharing Platform** | [Github](#) | [Live](#)
 - Created a centralized portal for course-wise notes with admin-only upload.
 - Structured content by semester and subject for easy access.
 - Deployed with responsive React frontend and secure Express + MongoDB backend.
 - Built a modern, responsive interface with React and Tailwind CSS.

INTERNSHIPS AND CERTIFICATIONS

- DevOps Internship Program - Training Certification
- Certified Java Internship Program - 1Stop.ai
- Data Structure And Algorithms Using Python - NPTEL
